

# ***The Wonder Jet and Super Pool*** **Coming from American Classic Toy in 2009** **(2009)**

## **The *WONDER JET*** ***(Flight simulator for kid/pilots ages 2 - 7)***

Sebring, Ohio- Nov. 20, 2008 Light + Sound + Feel = ACTION. Junior pilots will marvel at *flying* in the comfort and safety of their own home. When the pilot leans back, real jet take-off sounds emit from the speaker. As he/she leans left or right, the electronic sound of a commercial jet plane *makes the turn*. When the pilot is ready to *land* for milk and cookies, he/she leans forward commanding the speakers to emit real jet landing sounds, including “touch-down”. The color coordinated *Star-Base* will keep The ***Wonder Jet*** on a steady course. The ***Wonder Jet*** (SKU#40605) has 5 *Stabilizer Disks* that can be adjusted to compensate for an uneven floor. The *Telescopic Turret* contains a hydraulic piston that can be raised and lowered so that the product will adjust to and *grows* with the child (up to 200 lbs.). The nose searchlight allows the child to light up the *sky* for a *night flight*. Red port and green starboard lights blink on the wings and tail. A built in vibrator under the seat provides flight simulated feel upon take-off, landing and random turbulence. The ***Wonder Jet*** runs on household current, is UL approved and has safety features such as a seat belt, lean-limits, and automatic shut-off when not in use after 60 seconds. Partial assembly required.

## ***Super Pool (7-in-1)*** **(World Premiere on QVC-TV 2009)**

BIG 30” X 60” *True-Roll*™ Pool Table, features the new ***Trick-Pool***, Mandarin Chess, Bank-Bowl, Billiard-Bowl, Conventional and Trick-***Bowling***, also plays standard pool, card games ***Checkers***, and ***Backgammon***. Real *pool balls*, *cue sticks*, *chalk*, *felt surface* and *rack*. Includes 6 numbered stunts, one for each pocket, to play “Trick-Pool”™. (plays like miniature golf on the pool table) Also has a removable, reversible vinyl Multi-Game surface to play checkers, chess and backgammon on one side and bowling on the other. Bowling can be played as conventional bowling, or the new “Bank-Bowl” and Billiard-Bowl games, in which the player using a cue stick plays “carambola”™ off the rails of the table to *bank* the ball to the bowling pins. Use the rotational stunts to make bowling more interesting. The legs can be removed for easy storage under a bed. Partial (*no tools required*) assembly; Includes everything you need. Full-sized *child scale SUPER POOL!* (SKU#50003)  
WORLD LAUNCH ON QVC – TV)
